K-12 product designer working across AI prototyping, data, design systems and accessibility.

Experience

Chiron — *Personal Project* **Mar 2026 - Present**

- Built a Claude skill that acts as a Socratic AI tutor: it finds where a learner is stuck, builds a lesson around that gap and adapts the next one to their answers.

Encoura — *Product Designer* **Aug 2021 - Present**

- Pioneered AI prototyping at Encoura with Figma Make and Claude Code.
- Drive much of the team's analytics, explaining charts and statistics (e.g. Simpson's paradox) at Data Jams; first to connect Pendo to Claude Code via MCP.
- Own the Encourage Design System; rebuilt its governance so engineers and designers compose from consistent components, with UI review in Storybook and Chromatic.
- Built the counselor workflow side of Encourage for Educators, including student status tracking and roster tools used to manage hundreds of students simultaneously.
- Redesigned onboarding for a 2x longer intake survey, holding completion near 84% with chunking and micro-interactions to cut cognitive load; built Encoura's first in-app A/B test.
- Led the migration of Encourage (150,000+ students) to React and React Native, redesigning layouts to hold up on school-issued devices and meet WCAG 2.1 AA.

Rochester Regional Health — *UX/UI Intern* **Feb 2020 - Aug 2020**

- Designed a contact tracing system for Rochester Institute of Technology to monitor the spread of COVID-19 for over 18,000 students and staff, reducing user workload by half.

Prudential Financial — *UX Research Intern* **Jun 2019 - Aug 2019**

- Conducted usability tests and user interviews with insurance brokers on a Salesforce CRM application to validate the usability and accessibility of new features.

Education

M.S. Learning Design & Technology — University of Maryland Global Campus **2024 – 2026**

B.S. Human-Centered Computing — Rochester Institute of Technology **2017 – 2021**

Minors: American Sign Language, Psychology

Skills

UX Design: Information Architecture, Wireframing, Prototyping, Design Systems, UX Writing
AI: Figma Make, Claude Code, MCP Integrations (Pendo), AI-Assisted Analysis & Prototyping
Research & Data: Interviews, Usability & A/B Testing, Surveys, Statistics, Data Visualization
Front-End: HTML, CSS, JavaScript, React, React Native
Accessibility: WCAG 2.1 AA, CPACC (in progress), Keyboard & Screen-Reader-Aware Design
Learning Design: Self-Paced Instruction, ADDIE, Universal Design for Learning
Tools: Figma, Pendo, Sketch, Adobe Creative Suite, Lottie Creator
