K–12 product designer building engaging, accessible learning tools for students.

Experience

Chiron — *Personal Project* **Mar 2026 - Present**

- Built a Claude skill for building micro-courses that gates progression on demonstrated mastery, adapting scaffolding based on Socratic dialogue and misconception tracking.

Encoura — *Product Designer* **Aug 2021 - Present**

- Rebuilt student onboarding from classroom research, chunking a doubled survey with micro-interactions; completion held near 84% in Encoura's first A/B test.
- Led the migration of Encourage (150,000+ students) to React Native, redesigning layouts to hold up on school-issued devices and meet WCAG 2.1 AA.
- Own the Encourage Design System, keeping design and engineering on shared components, with every screen reviewed in Storybook and Chromatic.
- Built the counselor workflow side of Encourage for Educators, including student status tracking and roster tools used to manage hundreds of students simultaneously.
- Pioneered AI prototyping at Encoura with Figma Make and Claude Code; drive much of the team's product analytics and first connected Pendo to Claude Code over MCP.

Rochester Regional Health — *UX/UI Intern* **Feb 2020 - Aug 2020**

- Designed a contact tracing system for Rochester Institute of Technology to monitor the spread of COVID-19 for over 18,000 students and staff, reducing user workload by half.

Prudential Financial — *UX Research Intern* **Jun 2019 - Aug 2019**

- Conducted usability tests and user interviews with insurance brokers on a Salesforce CRM application to validate the usability and accessibility of new features.

Education

M.S. Learning Design & Technology — University of Maryland Global Campus **2024 – 2026**

B.S. Human-Centered Computing — Rochester Institute of Technology **2017 – 2021**

Minors: American Sign Language, Psychology

Skills

UX Design: Interaction Design, Micro-interactions, Wireframes, Prototyping, Design Systems

Accessibility: WCAG 2.1 AA, CPACC (in progress), Keyboard & Screen-Reader-Aware Design

Learning Design: Self-Paced Instruction, ADDIE, Universal Design for Learning

Research: Usability Testing, A/B Testing, Interviews, Contextual Inquiry, Analytics

Front-End: HTML, CSS, JavaScript, React Native

AI: Figma Make, Claude Code, MCP Integrations (Pendo), AI-Assisted Analysis & Prototyping

Tools: Figma, Pendo, Sketch, Adobe Creative Suite, Lottie Creator
